

German Year 11 Curriculum Overview

This year language GCSE students will sit three papers, rather than the original four, to accommodate the school closures last academic year. These papers are listening, reading and writing and will examine students across all topics studied.

Speaking will still be considered through a teacher assessed endorsement rather than a formal examination. Teachers will award a 'pass', 'merit' or 'distinction' grade based on the speaking skills demonstrated throughout the *whole year*. For the students, this means that they must contribute and be prepared to try their best speaking in German every lesson. Some speaking tasks may also be recorded for evidence towards the given grade. This grade will sit alongside their 1-9 grade.

Date	Lesson Focus	Assessment Opportunities	Homework	Additional recommended revision tasks (retrieval)
