JOB OF THE WEEK

This week's video focuses on the job role of a Intelligence Analyst. They protect UK national security and economic wellbeing, as well as to detect and prevent serious organised crime, such as terrorist attacks.

Watch the video to learn more about how much you could earn, the qualifications you need & what subjects link to this career.

There are around three million workers on the National Living Wage of £10.42 a year. This is set to rise to £11.44 an hour from April 2024.

National Minimum Wage (for workers 18-20) will get a £1.11 hourly increase to £8.60 per hour from April.

OPPORTUNITIES

HSBC Apprenticeships are now open! "Our UK Apprenticeship programmes allow you to combine work and study, with the opportunity to gain a formal qualification ranging from Foundation through to Degree level. These opportunities all provide an alternative to the classical A-level and university pathways; with a range of different learning methods designed to fit your way of learning such as workplace teaching, classroom-based learning, online courses, on the job training and independent study." [Read more here.](#)

AWE Apprenticeships are now open. "AWE have been training apprentices to make the world a safer place for 70 years, setting them up for success in a unique and exciting industry. We're looking for bright future leaders to join the 2024 cohort." [Read more here.](#)

Fujitsu have launched a new mentoring programme called "Guiding Futures". By taking part, you will have someone to speak to about careers and routes into your sector of interest, help with writing job applications, CVs, cover letters and higher education applications and an opportunity to build skills such as time management, organisation and communication. [Watch this video](#) and if you're interested, [register here.](#)

Ready to explore an RAF career? Explore our Award-winning Apprenticeships! Embark on an exhilarating journey into the world of the Royal Air Force and discover the boundless opportunities that await you.
